

The Experienced Gospel (Gen 26:12-25)

The reason why we gather to get worship on Sunday is because God is giving us a new word each week. We have come to worship to God because He is giving us a new word. Today's sermon is entitled "The Experienced Gospel". It means it is the Gospel that you possess. You also can say it is the Gospel that has been imprinted in you. If you experience this Gospel and imprint in you, this Gospel will take miraculous works within your lives. And rightfully so, you will be able to have conquest because that is authority of the Gospel. There is a rightful authority inside of the Gospel. That means no one can overcome the Gospel. And everything will be conquered by the Gospel. God has promised Christ as the covenant to mankind and has placed all promises inside of Christ. So, Christ is your answer and the answer to the world. And whoever maybe simply need to be in Christ. But they do not do that. They just do what is right for them. And in God's point of view, it is such a pitiful state! They are in the state to believe in; however, they want to believe in God. They do not even have to hard to serve God rather they want to do the opposite. That is why without Grace, you can never do God's work. And there are those who struggle because they are within difficulties. Because they do not have any other answer, their last stop is for them to seek of the spiritual method. They want a solution that is why they seek different method. They seek spiritual method or suggest seeking after a shaman or false prophet. Last stop for them is to seek spiritual method which they bow down after idols. Because Mankind are spiritual beings from the start, and they have fallen into corruption. They have no choice but to seek the devil in the end. There is no other method for them. They struggle to the end and it becomes worse. In the end, they are seized by Satan to which their lives come to end. On their last, it is Satan who appears to take them to hold. And they simply need to live their lives on earth in peace, however, they continuously face problems. How is it possible? However, Gospel is the answer for you to come out of this ridiculous fate and destiny. It is the Gospel that sets you free from the fate and destiny that you have no choice but to never come out of it. We always speak of the promise of the blood sacrifice and the precious blood of Jesus Christ. God is work at upon to those who hold to this as their answer. And when you enjoy, the power for you to break down all the force of darkness will be upon you. When you continue God's kingdom will be established within you. The doors will continuously be opened. And you will be able to enjoy the blessing of 237 and 24 hours. And today, Isaac is a witness to these aspects. He did not live a life for a physical strength. He had victory with covenant alone. He never fights against another. Because he knew that was not the answer for him. Then what did he lived his life with? He lived a quiet life with Gospel alone. Then what is the answer? The answer followed Isaac. Then no one can defeat him. May this blessing be upon you as well. You may have hardships or difficulties. However, that is merely a process. What process is that? It is a process you to come to the answer of the Gospel. It is a process for you to come to know and realize the covenant. It is a process for you to have that covenant be deeply imprinted in you. God's only goal is for you to stand as a witness so that you can be used for the sake of world evangelism.

1. The Experienced Gospel

So, the first point we will look at is the experienced gospel. It is not merely the Gospel. However, it is the Gospel in which you can experience. Isaac is the representative of the one who has received the hundredfold blessing and the spring water. He sowed the land, and he was able to reap a hundredfold blessing. At that time, water was so precious like a treasure to

which he was able to receive the answer of the spring water. And he was able to conquer the region quietly and surely. It means he has conquered entire water of that region. And Abimelech was the King at that time said to Isaac. "Go away from us, for you are much mightier than we." Isaac became such a wealthy man by God's grace. You must live the same life as Isaac. There is no reason for you to go and seek a well or dig for a well. However, you have already received answers of the region. You must hold onto the point of how come Isaac was able to live this life. And you must hold onto it as your covenant. To that extent, Isaac conquered all curses. Even if he was inside of the curse, that curse had no strength to defeat him. God's power and authority was upon him. All these blessings are contained inside of the Gospel. The important thing is the covenant that contains inside of God's kingdom. Isaac had deep root within this. He would always have the thought that it was the ram that died for instead of him. It became his everlasting imprint which he will constantly think of it and give thanks to God. It is such a simple word. Just like Isaac, you will be able to live a life of thanksgiving and prayers when you hold onto the covenant of Christ. That incident was a time for God to test Abraham, but also it was a time to imprint that to Isaac. That was God's grace and plan. That was not the incident only for the plan for Abraham. It was a time for Isaac to have the everlasting imprint. At that time, Isaac was the age of a Remnant. For you Remnants, to have that imprint is so precious because God will be at work when you just stay put. And Gen 26 records how the authority of the covenant of the gospel was even to Isaac has become an answer. God has deeply planted it within Isaac's heart. It was the greatest grace for Isaac and that was everything for Isaac. He continuously confesses before he receives the evidence of experiencing of the Gospel. According to the time schedule, he has experienced Gospel, and everything has taken place for him. That is God's work. That is why not even a single man is able to do the work compared to what God has done. Not only the king, all the people in that nation at that time can not even touch a single hand of what Isaac was able to do. He simply stayed put and God was at work. And all the curses were defeated. You must conquer the region with the Gospel alone. It is okay for you to yield. It does not matter even though you may be weak, and you may be chased after others. For that is the Gospel. No matter how much they dug, other people would come in and take it away for them, but it did not matter. It was the answer that continuously followed Isaac. This is the absolute authority of the Gospel. It may seem like you are being defeated, but that is a process for you to have true victory. Even if you do not fight, you can conquer, and you will never be at loss. When you hold to the Gospel, you will have complete victory. And there is no case that you will be overcome by others. How should you live a life? You must live a life by looking a far. If you just look at what is taking place in your reality, you have no choice but be defeated by that. However, you are not the ones who are defeated. And in the end, king came to Isaac and kneel before him. Why is that? It is because of the covenant. It is because of the Gospel. It is because God is at work. There is one condition for God to be at work. That is only the Gospel. When you go evangelize, you only speak about the Gospel. Regardless of the non-believers, all the promises in the blessing for the believers are contained inside of the Gospel, Jesus Christ. It is nowhere else except for Christ. You must do only Christ. Then if you do not this, what will happen? That is spiritual problem. You must be hurry and quickly change that. It is okay for you to yield others or be chased after others. God says that I will be with you and I will bless you. And for Isaac, he had the fundamental covenant that he experienced which was the ram. That is why no one was able to hinder or bother Isaac. So, who can ever overcome Isaac? God is telling you today you can be just like Isaac. That is God's will. He was able to overcome all things with the Gospel he

experienced. Even though he had been chased out, he was the one who was able to conquer that region. Isaac just let them be. But in the end, everything was overturned. And it is same for Joseph. When he was sent to prison, he had so many things that he could say. However, he did not. Why is that? How came he had the strength to do not say anything to them? He had faith in the covenant. He believed in the dream that God has given to him inside of the covenant. He believed that God was fully at work. It was same for Isaac. He could have fight against one another. He already knew that was not the answer for him because he already possessed the answer, the Gospel. Isaac knew that the ram he saw represents Christ. We need the concentration to go in depth of it. This should be out only prayer. God, please allow me to truly know the Christ. Allow me to truly concentrate on Christ. And allow me to truly end everything with only Christ just like major biblical figures. You must experience God's promise. Then you will be able to live a life like Isaac. The king saw that the evidence that no matter how much Isaac dig the well, he was able to be prosper even though they were not able to do that. The main point is, how can you experience the Gospel? You must be able to experience the Gospel. That is why you are in that state that you are. So, what can you do? You must correctly know of the Gospel and believe in it. You must believe that this is your answer. Unless you believe, then you can never take the next step. And you need to personally set time to confess the covenant. During the time of the confession, it is the time of you hold to it as the covenant. If you simply do this, you will receive many great answers. If you continuously do this with the word, prayer, and evangelism, you must give your life to God. The reason why God has given you salvation and he is continuously blessing you is for the sake of evangelism. The reason why Jesus Christ has died on the cross is save many. That is why you must be able to give your entire life for the sake of evangelism and mission. You must give your heart within that. You must continuously challenge with the covenant with the problem that you face. Then, you will be able to experience the Gospel from there. But most cases, whenever you face the problem, you do not challenge with the covenant. That is why you live a religious life, and you are deceived by Satan. Whenever you face the problem, you are in fear and anxious. Regardless even if you are in the state of anxiety or not, you must challenge with the covenant. You must break the force of darkness. It is the conclusion of the bible that there is no other method except for this alone. When you continuously do that, you will be able to reach the prayer topic of 237 healing and summit. This is God's desire. Your heart must be aligned to God's desire. But in many cases, that is not working out for us. It takes time and you must pray and repent. Then, God will surely give you many great experiences and evidence. You must connect with God. God's desire must be your desire. God's desire must be your prayer topic. Also, God's desire must be the reason why you live on earth. All the seven Remnants of the Bible were like that. May you live a life that goes all into this. The people in the Bible never put the value in the world. You must be like that to the extent that you will be able to live a life of conquest just like the seven Remnants including Isaac. It is the absolute authority of the Gospel in which Even though you make a mistake, it is completely overturned into the blessing. It is the Gospel in which even though you lack with your study, however, if you are doing for the sake of Gospel and hold to the Gospel, then your studies are completely overturned. And to the extent, you can stand as a witness. The most important thing on earth is evangelism. If you cannot save dying souls even though you are successful. That is nothing to do with God. You must receive the answers as well. Our walk of faith must be mature. I believe that is a process and that is God will work it for you. May the blessing be upon you so that you will be able to live a life of victory, conquest and the life that takes place just like Isaac has.

2. The Word for the Fields

The second point we will look at is the word for the fields. If you see Gen 26:3, there was famine in the land, and he decided to go to Egypt. And at that time, God appears and told him, "Do not go to the land" and he blocked him. That is when he promised in verse 3, "I will be with you and bless you." Then he also promised him that "To you, and your offspring, I will give it to you." And even though there is famine in the land, Isaac stays put. Rightfully so, that is why God fulfilled His promise and was with Isaac. You must be able to possess the fundamental covenant within you as well. And you must hold to God's word that he gives to you according to the incident that you face. As you continuously follow the fundamental covenant God has given to you, God will allow you to have conquest. That becomes your priority. That is the answer of uniqueness. We give worship for the sake of the word. That will be for the fields. All things that you need for the sake of evangelism will be provided by God. God will give you the answer to conquer your region. We have taken part in Gospel movement for 20 years. However, the doors to save the churches in America has not yet been opened. We must be able to earnestly pray for it. We must be prepared and relay the Gospel to them. This is the most fundamental things that is needed for the churches of America. First, the churches of America do not know the accurate Gospel. They have misinterpretation of theology and Bible. And the churches of America do not know the method to truly share the correct Gospel. And in America, there are many hidden spiritual problems that is not yet revealed. You must seek and give them the answer and allow them to take part in this Gospel movement. Especially, in this region we live, we must go and share the accurate Gospel to the church of America. We have received salvation and realistic answers from God. Then, what is it that you must do? It is to go and relay the Gospel. And after this pandemic is over, we will take part in this movement. And I hope most of our Remnants in many of the field of ministers will arise. We need the most English speaker who experienced Gospel. Our Remnants must open their spiritual eyes to see this. We also need church officers who will support the evangelists. Apostle Paul tells Timothy "Whether in or out of season, you must go and relay God's word." These people are very needed. Especially, for multi-ethnic ministers. May you Remnants, really think about it. Even if all you become the pastors, that is great. It is the age in which many of the women can become pastors as well. And because we live in America, we must never ignore Latin America. We must pray for America and Latin America. We must struggle within that and question God, 'Why is the case?'. I pray that many of the Remnants will arise to be like that. The first message that God is giving us for this week is you must experience the fundamental covenant of Jesus Christ, the Gospel. And for the sake of that, you must hold onto it and confess it. And you must challenge all your problems with the Gospel. If you hold onto the covenant of 237 nations, then God will give you a greater experience. And the second message is for the sake of it, you must hold onto my specific word. You must receive it through the pulpit message and your personal time of your prayer. You must hold onto the specific word that I give to you through the headquarter messages even through the field. And through that, you must receive the specific guidance of the Holy Spirit. And from there, you will have conquest and victory. Then you must be the evangelist that has the evangelism system. This is the message that God gives to us through Isaac's story. God is telling us that this is the life that Isaac lived. And God is saying, it is possible for you. You must begin your life with the Ram that has died for you. Do not start anywhere else, you must start with this. That is your fundamental. May this blessing be upon to you to be able to stand as a witness of Christ.
