

## The Resurrected Christ (1 Corinthians 15:1-11)

1 Corinthians chapter 15 represents resurrection. Apostle Paul is who has written, and it is focused on the resurrection of the Christ. In verse 6, it says, "Then he appeared to more than 500 brothers at one time, most of whom are still alive, although some have fallen asleep." It is a time of worship and we have a hope of resurrection of Christ. And the title of today's message is 'The Resurrected Christ'. It is not the average work, and no one is able to resurrect from the death. Because he came back to life, He is alive even now. Even now, He is at work to heal us, fix us, and change us. May you be at time which your life will be resurrected as well. Yourself must be resurrected but also your life must be resurrected as well. Mankind has no choice but to fall into all hardships due to original sin. The greatest problem that they face is death. That is why if the death is resolved, then everything else is resolved. Mankind do not have their own solution to come out of death. That is why whoever faces their own death, they are in fear and anxiety because they do not know. Death is a complete snare that mankind can never avoid. That is why non-believers, when they face their death, they weep for it. And they struggle within death because they cannot accept it. When they face their own death, that is one the devil approaches to take them to hell. One that face their death, they can see the devil before their eyes. It is not average work because they must deal with it on their own. However, by God's grace, He has given us salvation. And we are truly thankful for that. Even if we face death, we do not die. When we face death, we will live forever. It is resurrection that shows as the evidence of what he has done. It means He has completed it. It is Jesus's proclamation that He has died for these behalf. And the content of early church Gospel was to testify that He has risen. During that time, there were many persecutions including the believers. It was on God's time schedule; however, death was a huge factor to mankind. That is why the Gospel is realist. Gospel is not up in the air. The Gospel touches upon the actual problem that mankind faces. The Bible records what will take place after death. The Bible records that the death has no choice but to come to mankind because the promise, the covenant has been broken. God records in the Bible the solution, the offspring of the woman who will come and crush the serpent's head. It states realistic evidence in the Bible. Lazarette, he died 4 days, however, he came back to life because Jesus brought him back from death. It is impossible for mankind to be brought back from death. Except for Lazarette, there was no one like that. And He speaks of the widow of city of Nain. At that time, they were facing death, and that person was going to the thumb, however, it is Jesus who called upon and saved widow's son. And in old testament, it records Shunem woman, and her son dies. But it was Elisha who brought him back to life. However, it is the resurrection of Jesus Christ that seals it all. He has come back from the death. We must believe this truth. If you honestly believe in the resurrection, there are many things that you can enjoy. It is the fact that God is with you. It means that He is alive, living inside of you and is at work. And rightfully so, you will be resurrected as well. That is your hope. Your life will be resurrected and revived. Let us look at two points.

### 1. Christ came to life.

The first point is Christ came to life. He was death, but He has risen. This is a truly outstanding work. There is no one that has been death and has come back to life. Anything has

related to God, rightfully so, that can take place. Because God is the one who is in charge of all life. Life and death matter is within God's hand. There is a significant meaning behind the resurrection of Christ. First, He has conquered death. It means that death has nothing to do with you anymore. And surely enough, you can conquer death. It is truly an amazing work. Another fact is Satan has been demolished. Satan's ultimate goal is drag people to hell. However, this work has nothing to do with you anymore because you believe in Jesus. It is Jesus's proclamation that He is God's eternal life. Jesus was not a being that must have died. However, He came in flesh to purposely die for your behalf. That is the proclamation that He is the life. All mankind needs all life. We must eat the fruit of life. Jesus became the first fruit of life. This is a significant meaning behind resurrection. All of us will be like Him because He is the first fruit of life. After we follow Him, we will be like Him and gain life. And there is something else that is particularly important. It is a fact that resurrection exist. God shows that if you believe, you will be resurrected eternally as well. In 1 Corinthians 15:13, it says, "But if there is no resurrection of the dead, then not even Christ has been raised." It does not mean that Christ has no power to which he cannot be resurrected. For him to die and to be resurrected to signify that there is resurrection. You must believe in this, enjoy this, and place this inside of your heart that you will be resurrected as well. You must crush the work of Satan that lies and seize you to think that you are facing your own death. You must hold to this as your hope and life. The resurrection is your ultimate goal. Without this, everything is meaningless. No matter how many answers you receive, it is no use, because there is no resurrection. Everything has meaning because there is resurrection. In 1 Corinthians 15:19, it says, "If in Christ we have hope in this life only, we are of all people most to be pitied." We can have meaning in this life because the resurrection exists. Because there is resurrection, there is meaning within this way of the life that we live. Even if in hardships, there is a hope. How thankful for that! That is why as you live your life you must seek after the end times. And especially for the Remnants, as you live your life, you must seek your life direction. Your life direction to the standard of the end times that is to come and what you will do for that. It is same for you, adults. You must match your thinking to God that is how you relate to God. Without that, then you have no choice but to have incorrect path in the direction that does not connect with God. You must possess these spiritual eyes for you to have wisdom. May you will be able to resolve this once again. It all ends up with evangelism and mission. If you want to continue evangelism and mission, you must be able to have these spiritual eyes which you can continuously enjoy Christ. We must fight this spiritual battle. Evangelism movement must have the foundation of the spiritual authority. That is why you must enjoy Christ. You must fight this spiritual battle to break down all the force of darkness and have victory and conquer. For the sake of evangelism and mission, you must possess this spiritual power. It is wisdom in which you can align your life to this. It is such a bless of life and it is important thing to do but not only that, that is wisdom to save your life. That is why you must align your life to that direction. This is what it said in verse 2. "And by which you are being saved, if you hold fast to the word, I preached to you." It said He had preached the word to them. And in verse 3, it says, "I delivered to you as of first importance." Apostle Paul said he has delivered the word that he had received from Jesus to them. He is the one who delivered the resurrection of Christ and the precious blood of Christ to them. Evangelism is the path in which you receive

the greatest answer. This is a path in which you can save your life. This is a path in which all the spiritual problems will be healed. It will decide everything of your life. I bless you in the name of the Lord your spiritual eyes will be opened to this. You will face many complexes in your life. Even if you face complex, you must at least have hope to conquer it. You must personally enjoy Christ and live the life of the evangelist. This is the answer and the truth. Even though it is not taking place right away, you must not be deceived. Those who live a life of the evangelist will be able to align their lives to their end times. As you come to know the mystery of the Gospel little by little, then force of darkness is crumbled. That is when you will be able to become a person of God that goes all in. I believe that we must all be like this. As the end times draws near, the one who proclaims the Gospel are the most important. God's perspective in eyes is all towards in this individual. If anyone says that there is something else more important than this, then they are not matched with God's word. They say there is something else more important than the work of God, then they are not matched all align with God. I believe that our 8<sup>th</sup> church camp will be just like Apostle Paul's evangelism camp. I pray that many work and healing will arise through this church camp.

## 2. Christ is alive even now.

The second point is Christ is alive even now. Christ has come to life and He is alive even now. He is alive even now and He is at work. He is doing His ministry and He is saving many people. Because He has come back to life, He has the power to do so. And the authority and the way are all within Him. And this mystery has been given to you. Jesus is living in you even now. That is why you now this mystery. This mystery is Gospel. You will be able to live a life in which your life will be resurrected and alive because you know the power and authority of the Gospel. And you will save others surely enough. It is simple. Just go and relay the Gospel. Help them to enjoy the Gospel. That is how they will be revived. And God will continuously open the doors of evangelism though that individual. All you must do is relay the Gospel and give them the method to enjoy the Gospel. It is the Gospel that revives all. It is a proclamation of the Bible. There is no other way except the Gospel. Just like we have been saved in Christ, we will save others through Christ. The 7 Remnants all lived the same lives with this same method. And first, they save themselves. They saved their future, and they overturned their past. How can you revive your past? Because they had different interpretation to that. They saw their past differently. That is why all their past became their springboard. All their past turned into thanksgiving to God. That is how they were able to save their past. It is the same for you even now and many of us has those testimonies. That is why first, you must be able to save yourself. Your past and your scars must be completely overturned. And that is how you become stand as a witness even if you face the problem, it does not hinder you whatever. You will be able to stand as a witness who has no fear. And 7 Remnants were able to save all those around them. Joseph saved all those who are around him. He even saved Potiphar's wife. And not only Potiphar's wife, but also Potiphar, and his family. Even the prison guard, and as he came out from prison, he saved a king. And he saved the surrounding nations as well. And he saved is family line. This is the covenant and Gospel. You must draw the clear line and really end everything inside of the Gospel. This is Christ's resurrection. It is to rightfully save others. This is God's will. For you to save others, you must save yourself first. It is incorrect to have a mindset that I will first save myself and

then save them. You must diligently serve other people and try to save them as you save yourself as well. So, you must save yourself and others around you. Save them with the covenant. That is why you must save yourself first within the covenant. That is how you have the answer to save others. That is why when you save yourself first with the covenant, God will make a way for you to save others. God's only desire is only to save people. That is why God is always waiting for us to be ready to go and save others. You must hold to the covenant as you live a life. You must end everything with this alone, and not even think about other things. If you live a life holding to the covenant, then God will give you His word. And with that word, He guides you. And that word will be fulfilled within your life. When you are continuously led by His word, you will be able to deeply enjoy the covenant. And when you face a problem, you will be able to challenge the problem with the covenant. If you challenge with the covenant within your problem, you will be able to see evidence and answers. And God will be at work to save those around you. May you begin your life with the covenant again. May you begin, confess, and enjoy the covenant. There are many specific covenants that God has given to us. However, there is absolute covenant. It is Christ and world evangelization. There is a specific covenant that He prepared for you. And the representative of that is the resurrection message. The resurrection message contains 237, healing, and summit. All those who follow absolute covenant were able to live a victorious life. This is tremendous mystery and wisdom. You must firmly hold to this because God has only one desire. You can end your life with that alone. You can save your family and family line with that alone. May this blessing be upon you. You will be victorious, and you will be able to save your field. You will be able to see continuous answers and miracles arise within you. There may be hardship you will face, but you may not deceive. How is there answers when there is no problem? Problems are needed because it is a process for you to come to the answer. Even if you may live a lacking life, when you hold to Christ, your life will be resurrected. It is amazing. This becomes your foundation and eternal background. That is why may you discard all things and simply hold onto the Christ. Then you will conquer your life. All you must do is believe in Him according to your standard. Hold to the covenant and follow God's word according to your standard. Then He will fulfill His word according to His time. God will allow you to go in depth of enjoyment of Christ. We are living in the age of 24 hours prayer right now. It is not a coincidence. You must never hear this story as someone else's story. You must receive as your own. And rightfully so, 24 hours will be upon you. And you will go inside of deep prayer. And God will allow you to have the mystery of to enjoy Christ. You are resolved from the problems that you are facing. It is you cannot be aligned with God. He wants to fix you. He is in process to heal you. For any of you who are facing difficulties, may you look at yourself. May you repent before God. May you never resent other people. If you do so, you will face another problem. If you are matched with God for 24 hours, God has no choice but to abundantly pour all the blessings to you. God is in concern if you are not aligned with him, because you will take incorrect path. God's goal is to fix you. May you deeply meditate on your hardships. So, you must have correct answer, repent before God, and heal yourself. I bless you in the name of the LORD that this blessing will be upon you. Your life will be resurrected when you hold to this covenant. May you believe in it and become your covenant. May you enjoy it throughout the week and may you be victorious.
