

I am he (John 18:1-11)

I believe that God will give us his precious word along with the gospel. Worship does not just end with worship but when we are holding onto it in the field this gets fulfilled in the field. As we are holding onto this as we give worship I believe that God will be at work upon our fields. Today's pulpit title is I am He. He's saying that he is the Christ. He is saying that he is the covenant that we just need to follow. I hope that you will discover this covenant once again and it'll root deeply in your heart. We were able to receive salvation by our faith but we still have our lives to live. So not only do we receive our salvation by faith but we must live our lives by faith as well. Not only do we believe but we need to hold onto this. If we are able to personally and deeply enjoy this then personal answers will arise. What God has promised in the bible will realistically take place in our lives. We will stand as a witness and go to the ends of the earth. This is the covenant. Everything from the beginning to the end comes from one thing which is the covenant. This is amazing work. So for those who know Jesus must live their lives like this. This is not a command but this is a fundamental principle and this principle does not change. They say that heaven is prepared for these people. So whomever you may be if you just enter into this promise then you will receive these blessings. If the saved one doesn't go to this path but goes to a different path they will not end up going to hell but they will live a difficult life. Even after they live their lives they don't have anything that's left behind. They will never have their masterpiece and the 100 year answers will not take place. But if we live by the covenant we will receive 100 year answers. What do you think about this? Everybody who believed had their individual walk of faith. We cannot say that it's wrong but actually it's wrong because many of those people who believe their walk of faith is not centered upon the covenant. He's saying that I am he who has fulfilled all things. I hope that you will discover this truth through this bible scripture today and you hold onto this as the covenant. The action of holding onto it is very important. If we do not hold onto it, it will simply remain there. If you just believe in it but do not hold onto it, it'll just remain there. Not only must you believe but you must hold onto this. It's not easy to hold onto it so you must continuously do this and then you will be able to enjoy this and you will be able to change. I hope that this blessing will be upon all of you. I hope that this blessing will be upon everybody who is giving worship at home as well. Even at home you must concentrate because you must not lose hold of the word. For those who are holding onto the gospel as the covenant worship and prayer must be everything in their lives because God is spirit if it's not through the word and prayer then we cannot communicate with him. The basic fundamental to this communication is Christ and the gospel. So believing Jesus is the start to all things. If we do not have this faith then we cannot do anything else. When we give worship and pray God works in our field I hope that you can believe this. Holding onto this covenant those who continuously give worship and prayer, their lives will be different. This is very important and there is no other path. In order to fulfill his promise he gives us the word in advance and he gives us the word in advance regarding what he is going to do. There is no other God like this so we can boldly say if there is any other God that is like this then come before us with your God. We must clearly listen to this word and this must

become imprinted in us. If this is imprinted at a young age for the remnants as well as the young adults then this will be the greatest offering to God. For Moses this word entered into him when he was 80 year old. Before he knew the gospel because he heard the gospel through his mother. He knew all of this and he had memorized all of Genesis but the moment the word entered into him he became a completely different person. This was the same for all the important figures in the bible because their lives were completely overturned. I like to hear the testimonies of many believers and when I hear their testimonies they listen to the word a lot. Among us there are many who live following after the word. I desire our church to be the church that is centered on the word. I hope that you will receive the word by which you can live by throughout the week. Amongst the word if you discover the word that lasts a lifetime then it is finished from there. From yesterday's evangelism camp training we received the word regarding our eternal prayer topic. If we receive the word to which we can stake our lives for the rest of our lives then that is the most blessed thing. That is God's desire for the rest of our lives. If that word is fulfilled then miracles will take place. If we are living for God's desire then God will not discard our lives like the non-believers. Before we had a nature to put in our diligent effort but now that's not how we work because there is God's absolute plan. The fundamental is Christ and the direction is world evangelism. This is his absolute plan. In the age of Moses this was expressed as the land of Canaan. In this age the main issue is to save the 237 nations and to give healing. They have spiritual problems. The word land of Canaan in the age of Moses for us is spiritual healing in this age. The region is not just the land of Canaan but it is the whole world and everyone in this world needs spiritual healing. Everyone will acknowledge that the problem will worsen. The answer is the gospel alone. Even if you possess the gospel, those who have God's plan to receive healing will receive healing. Problems and illnesses that will not heal without the gospel will continuously arise. No matter how much mankind tries to imitate God and create a treatment, it will not work. Mankind cannot make a factory to create a spirit. They will end up losing their minds first. Many problems that cannot be healed will continuously arise, as it is the land of Canaan of this age. So what is God's plan? It is to save other people. More specifically, his absolute plan is healing. You must do the spiritual preparation by the gospel. Without the gospel and Christ, you can not do spiritual preparation. This is why he said, "I am he." May this become your covenant once again. You must live by the absolute plan because it is a work that you must do. If you did not need to do this work, why would you be alive? If we live our lives holding onto God's absolute plan, you will live the lives of the biblical figures. Within the small things in our daily lives, great things will take place. In the midst of worship, I hope this blessing comes upon you. You are not just hearing this word and it ends there. You are receiving healing through this word. You receive answers and great miracles take place in your fields because God can do these works. God pleases those who find pleasure within God's word because God can do all things. I hope that the blessing of holding onto the covenant and worship comes upon you.

1. I am He

The bible scripture is a scene where Jesus is arrested. Judas the Iscariot brought Jesus amongst the chief priests, soldiers, and offi-

cers of the Pharisees. They go over there with lanterns, torches, and weapons. In the moment, Jesus asks them who they seek. He answered that "I am Jesus the Nazareth." When he says "I am he," they draw back and fall to the ground. This is a clear scene where he explains who he is. He says, "Because you have come for me, do not touch any of my disciples." Simon Peter, who was very hasty, drew his sword and struck at the high priest's ear. At that moment, his ear fell off. This scene is described in Matthew 26:52-54. In Verse 52-53, it states, "Then Jesus said to him, 'Put your sword back into its place. For all who take the sword will perish by the sword. Do you think that I cannot appeal to my Father, and he will at once send me more than twelve legions of angels?'" People do not know angels, but Jesus knew of this. Mankind only believes what exists before their eyes. If an angel comes before mankind, they would just die. 185,000 soldiers were put down by one angel. Verse 54 states, "But how then should the Scriptures be fulfilled, that it must be so?" Jesus is simply following after the Word. We must do that as well. You must follow after the Word because that is the standard of all things. He has given us all of the Word as it is all recorded in the bible, but we have interpreted it to all of our thoughts, which is why it is so difficult. This is the work of Satan, who is unseen to our eyes. He continuously deceives us to go down the path that does not follow the Word. We must destroy Satan, but you must confess Christ because it is not easy. It is recorded in Luke 22:51. It states, "But Jesus said, 'No more of this!'" And he touched his ear and healed him." In this way, Jesus was arrested, crucified on the cross, and resurrected in three days. Within this process, the word that he gives us is that "I am he." Jesus is the Christ. Do you know this truth? Jesus is the Christ, so he says "I am he." Those soldiers that came to the high priest said that they were looking for Nazareth. Nazareth is Christ, but when he says that "I am he," he is saying that he is the Christ. When he said that "I am Christ," they had no choice but to draw back and fall to the ground. This is a rightful work that took place. We must kneel before God who is the creator of the heavens and the earth. Mankind has no choice but to kneel before God. It was recorded in Mark 14:49. Jesus did not get arrested because he was powerless. He has the ability to bring angels, so he has power. It states, "Day after day I was with you in the temple teaching, and you did not seize me. But let the Scriptures be fulfilled." he said that he allowed for everything to happen so that the scriptures could be fulfilled. Because that time has come, he was arrested to fulfill the scriptures and not because he was powerless. He has the authority to gain and discard, so he was arrested because the time schedule had come. In the Bible, it was written that he said "I am he," but this is the word for today. Jesus came for his people. Jesus did not come for all those people who will end up going to hell. Jesus died on the cross for his people. The Bible was proclaimed to the whole world, but this is the word that he proclaimed to his people. Jesus has no reason to say, "I am he" to those who will end up going to hell. By recording these words in the Bible, these are the words he desires to give to his people. Jesus says, "I am he" to us. He is the one who has been prophesied to come in the Old Testament. He came and set us free from all curses. He is the one who has broken down the works of Satan and set us free from all curses. Within that, we can meet Christ now, and throughout our 24 hours. He is the one who has opened up the way. The Bible is continuously explaining this truth. It is because this is very important and is the

core message. Therefore, this Bible is very simple and if we just know this fundamental principle, then everything can be connected easily. There are many people who study the book of Revelations, but there is no reason for us to do that because it talks about one thing which is Jesus is the Christ. It is giving us a warning and heads-up for what will take place in the end times. For those who are inside Christ, they do not have to worry because they will never be put to death. You do not need anything else because Jesus is the Christ. These other people will talk about what they are going to receive and what they need to receive, but we don't need that. All we only need is Jesus Christ and in order to receive that, he wrote the book of Revelations. They lose hold of the fundamental word, they focus on other things and lose hold that Jesus is the Christ. They have no reason to follow after that. The conclusion of the Bible is that Jesus is the Christ and therefore you must believe in Christ. Abraham believed in Jesus. That is why he continuously gave the blood sacrifice and built the altar. Noah believed in Christ as well, and that is why he was the only one that was saved and he gave the sacrificial offering. It is the same for everyone else in the Bible. All we need to do is receive salvation and enjoy this salvation and save others with this gospel. The Bible continuously speaks of this to us because this is not imprinted in us. If we believe this, it should be ended here, but it does not end here. With the word, Jesus is the Christ alone, it should be finished but because it is not ended in our lives, Jesus continuously gives us his word. We don't need any other words because Jesus is the Christ who set us free from all curses, and once we realize this, it is finished. Because we are unable to do that, he continuously gives us the word, so we can be imprinted, rooted, and natured within this. It says to make Christ into your nature. Do not end with just believing it, but hold onto it as your covenant. The most important thing in this world is believing in Jesus Christ. We have our lives to live and must stand as a witness. For this life, we must hold onto this covenant. If we believe we will receive salvation. If we enjoy this covenant, evidence will arise. If we go deeper into this, we will be able to conquer our lives. The answer is always within Christ. With this covenant, we must challenge and break down the forces of darkness and be victorious. We all know the Bible verse Matthew 16:16, "Simon Peter answered, 'You are Christ, the Son of the living God.'" He gave the accurate answer. After this, Jesus promised him three things. He promised that he will make him a church on the rock. He promised him that the gates of Hades would never overcome him and this is a tremendous work. Even though we cannot see with our own eyes, Satan is spirit and is continuously at work, so what must we do? Regarding this, Jesus said that the gates of Hades would never overcome you. He said that he had given you the keys to the kingdom of heaven, so he is saying to open the doors of heaven. How was Peter able to receive these blessings? He gave the correct and accurate answer. When Jesus asked, "Who am I?", he gave the correct answer. Even today, we just need to give the correct answer. You don't need anything else, you just need to give the correct and accurate answer that Jesus is the Christ. Who is this Christ? He is the answer to all things and the freedom from all curses. He is the freedom from all fate and destiny and he has crushed Satan's head. Even now, we can meet him for 24 hours as long as we continuously confess that he is the Christ. I hope you will start every day with this answer. You will become God's church that is built upon the Rock every single day.

If you do this every day for eternity, you will eternally become the church that is built upon the Rock. The gates of Hades will never overcome you. The reason for that is because you gave the answer that Jesus is the Christ. He will give you the keys to the kingdom of heaven. You must continuously do this work. If you are filled with this grace, continuous healing will take place. Great works will arise. This is the only answer, you must end all things within this. 237, Healing, and Summit are all contained inside of this. Without this, if we tried to do 237, healing, and summit, as we wander around we will end up perishing. Today Jesus said, I am he. He is saying that he is the covenant who can fulfill all the promises he has given to us. I hope that your eyes will open once again for all of us. Opening our spiritual eyes is a different thing. Once you realize, oh that's it, that is when your spiritual eyes will open. I hope that the blessing of you entering into the covenant will take place once again.

2. Life of Covenant

Jesus has fulfilled the covenant, he did not do anything else. During his lifetime, he fulfilled and performed many miracles and those miracles were to explain the covenant. He's saying that "I am God", and that is why even the miracle of the two fish and the five loaves was very simple for him. It was rightful for him to even walk on the water because he is the covenant. He is God. So there is one thing that we must confirm. "Am I living a life of the covenant?" You must think about this. What are you living your life by? What is your life? Is your life a life of the covenant? Are you following after the covenant? Are you holding to the covenant as your covenant? If you're not doing this, then what other work are you doing? You must fix this because, other than this, it is incorrect. Your path will not be aligned with God. And no evidences will arise in your life. If you fix this, then God will be at work. It is very simple because He has already given us His Word. So you don't need to say anything else. Just follow after that. That's all you need to do. So if you're sure that you're living the life of the covenant, then you don't need to look back. You just need to continuously walk in that path. Then you will live the life that is complete and for that complete life whatever that you need God will give all those things within the correct time schedule. If we are holding onto the covenant and we are the remaining ones before God this is the work that we must do. If you have the covenant but you are not the remaining ones and you are just wandering around it's okay because in the end, you will not end up going to hell. You have been saved by the covenant but you do not follow after the covenant and that's okay but you will end up suffering and have more hardships. But if you are the remaining ones and you are the person of the covenant and you have determined to live after this with the rest of your life then what will take place? God will not just neglect our lives to flow on its own because God knows all things in the real time. God knows all things because as for the Israelites when they were receiving the manna God told them not to take any home but when they did it ended up rotting so God knows all things. He knows all the things that we need. What is the only thing that we need? All we need to do is spiritually hold onto the covenant and we need to align our direction to relaying this covenant to the end of the earth. Then our preparation will be finished from there. All you need to do is just hold onto the covenant and give thanks to God and wait within his time schedule. We like the word 100 year

answers and this is a word that I like as well because I also want to receive the 100 year answers. There are many people who are holding onto this as their prayer topic and are praying. In the beginning, I thought that the 100 year answer was a very difficult thing but as time passed I was able to see that this 100 year answer is a very easy and simple task. If we look at the figures of the bible who received the 100 year answers were able to see the answer. We are able to see that those individuals were people of the fundamental covenant. Abraham was a person of the covenant and it was the same for everybody in the bible. It's the same for Joseph and Paul as well. So all we need to do is become a person of the fundamental covenant and a person of God and Christ. All we need to do is have the covenant and follow after God's desire of world evangelization. That's what all the figures of the bible did. Just with these two things they received 100 year answers. If you look at the 100 year answer the 5 talents are included and there are also 100 year answers of the 2 talents. It's not just by the portion but there are many various types of 100 year answers but all of these 100 year answers are precious before God. saying that you want to receive 100 year answers that cannot compare to anybody's else's answers is your own greed. If this is your prayer topic then you may receive those answers but what's important is discovering God's desires. There is only one absolute thing that God desires and you are carrying out that covenant within your life. There might be times when this covenant and the commission that God gives us isn't clear. Even if we may be like that we don't need to worry about that because there is a commission that God has given to all those who believe. So all you need to do is live your life aligned to this. If you are living for this then you will be able to discover my things. That'll become your talent and your commission. Mankind was not born to be able to do all things. Mankind has been created so that they will follow after God's plan and once they receive their calling they will follow after God. All things cannot take place according to our own will because this is the truth we must follow after God's will because nothing takes place according to our own will. This is the most intellectual thing but many people have so many thoughts. I pray that we will fix this and enter into this path. Today Jesus gave the word that I am He. We are so thankful for this word. He told us that he is the christ. If this was not the truth then what would've happened we would've been in great trouble. He is saying that He is the one for us. We must remember and never forget this truth. Jesus is the one for us. He is my Christ and he is my master. He is my God and he is the one that has been promised for us. He is the one that has set us free from all curses. Therefore we must live a life that he desires. If we go out of this path to a different path we will have a difficult life. We have no choice but to live a difficult path because it is not aligned with God's word. The word is continuously talking about Christ and world evangelization. If we go towards that path our life will be aligned with God's word. If our life is aligned to God's word what will take place? God's word will be fulfilled in our lives. That is the answer and that is the miracle. I believe that God has given us the word today so that we can live our lives according to that. I hope that this will become the covenant and since we are in the midst of the church camp I pray that this will become great blessings and answers for the camp.
