

## The Passover (Deut. 16:1-8)

The word that we will take a look at is the Passover. The bible emphasizes the three feasts and of all the feasts the Passover is the most fundamental feast. It is the start to it all and it is the spiritual fundament. May you receive much grace and hold onto this important word. There is God's order and plan to all. It is not merely the plan that he has, there is an order that he fulfills. That is why all creation has no choice but to be submissive towards God's order and plan. Not only that God's time schedule is the fate and destiny of all mankind. All of his plans go according to his time schedule. That is why Solomon said that all creation must be submissive to God's time schedule. Of course, there is God's time that is absolute, that is why all things will take place according to that time. When that time comes there is no one that can block the work. That is why all creation is God's servant and they have to be submissive to God, including satan, the demons, and the non believers must all be submissive to God's time. It is an important time schedule that passes today and you are living in his time schedule today. It is very important. We have been praying for ten years holding onto the covenant to save America, Latin America, the remnants, and the people of all nations. There were many doors that were opened and we received many answers. I do have the thought that now is the time for us to partake within this realistic movement. It is our very first conference that will be held for the pastors and disciples in Latin America which will be held in Guatemala. The Guatemala conference will take place on June 25th and I do believe that it will be a very important time schedule that God will open up many doors in Latin America. People from seven different nations will gather in Guatemala and at least 40 pastors will gather. The reason why we gather is so that we do not simply end with the conference we are taking a look at the future regarding evangelism and mission. In October we plan to have the same conference in Argentina. We will invite all the surrounding nations nearby Argentina to the conference. We will invite people that have been connected to us that reside in Argentina, Paraguay, Uruguay, Chile, and Bolivia. Pastor Ricardo, Pastor Joseas, as well as the disciples have been circling around Latin America so through those meetings all those people are waiting for this conference. Right now in the time schedule for America there are pastors who are being connected to us who desire to partake in this gospel movement. Of course it's not as many disciples compared to Latin America but yet it is a start for America. There are a few pastors that have been connected to us in Ensenada as well. In August we plan to hold a conference along with the pastors that have been connected in America and Ensenada at Pastor Ricardo's mission center. We will invite the pastor that has been connected to us from Los Cabos. I was able to go meet them in person once and Pastor Ricardo was able to meet them twice. Camp Minister had the blessing of meeting with Pastor Eddie who resides in Arizona. There are a few numbers of disciples that may

have potential to go hand in hand within this gospel movement that resides in the Indian Reservation. Along with those who have been connected to us we desire to invite them to Ensenada so that they can partake in this special conference. I was able to hear that there are two people from Nicaragua that desire to partake in this conference in Guatemala but they are the two head leaders of the religious denomination. Pastor Joseas was able to share the gospel to them. We want to have the blessing of meeting with them and if they are able to open the space for us we desire to have a conference there as well. I do have in mind to visit Argentina and along the way I will visit Nicaragua as well. This is our big picture for the sake of the Latin America mission and what will happen if we continue to do this? Then God will continuously open the doors. Undoubtedly he will open the doors. This is what we must hold to as the covenant and pray. We're able to confirm that God is continuously opening more doors for us compared to the past. In the past, we would simply just go out to the mission field to meet the believers but now we have the disciples that are able to do this work on our behalf. There is no reason for us to go to that field. One of our prayer topics within the church is to raise the 100 mission teams. It is the 100 mission teams that are able to go out to the field and testify this gospel to raise the disciples. Of course, along the meeting God will attach the disciples and pastors to us. The conference that we have compared to theirs has a different content. Through the training that we have received this has now become our content. You must be in the stream of this and partake within it through prayer. May you not just simply confess with your mouth but may you truly partake to go to the ends to save Latin America. To be honest many will agree that there are not a lot of people who have come to America to begin this gospel movement but yet may we partake in it. Little by little I have the thought that this can take place now. If we are able to partake in this then we have received the answers worth 100 years. Of course, for the American pastors they have never once seen other missionaries or other pastors from different nations who have come to share the gospel to them. But regardless of that all there are countless American pastors who are desperate and in a desolate state. The reason why they have not held to the gospel as their own is because they are so urgent and desperate. I do believe that we have the answer that we can share with them. In the end it's all a matter whether you have the contents to revive your church, your life, and all meetings. The method is the next step you must first have the accurate content to relay to others. With this content that you hold to it must take place. The method and strategy comes next. I do have full conviction that this is what God has given us. No matter how renowned a pastor may be and regardless of the fact that he may have 10 to 20 PhD's it does not matter if he does not evangelize, it is all in vain. What is the need of a PhD, if he is not able to fully enjoy the gospel and heal himself within the spiritual problems that he faces. He may be a renowned figure that has 10-20 PhDs, but since he cannot help someone who is facing spiritual problems, that is all in vain. But we are truly

thankful in this age because God has given you the accurate gospel. Are we in fear of others who face spiritual problems? I apologize in advance because I try to make my sermons around thirty minutes but last week was around fifty minutes. I do have a sermon script, but time passes by as I am sharing so many examples. But I want to share this story before I move on. This was a time when I was a lay leader and attended church. I was a pharmacist and one senior deaconess came to my pharmacy with a person that completely lost their mind. She wore a tank top to which you can see her breasts and was only wearing her panty. At that moment, I was so dumbfounded and had no clue what to do. The senior deaconess put some clothes on her and brought her to church. There is a Hymn entitled, "You must be able to fight the spiritual battle against the demon." That was the first time I heard this hymn. The senior deaconess had full conviction of this hymn, so she sat in the back as she screamed at the tops of her lungs and praised the Lord. We were singing a hymn to the precious blood of Jesus Christ. After the worship ended, she brought the person to the General Meeting. The pastors, elders, and I were there as well. I'm sorry to say this, but the pastor simply wrote something down on the paper and left the room. He had no clue what to do with the woman who lost her mind. He graduated from a renowned seminary. Including myself, I had no clue what to do with her. He did not know what to do. In the past, I did not have the sure gospel or know that I can use the power of the gospel to cast out demons. Many of the churches in America do not speak of the power of the gospel, but speak of the classy things of it. What is the most classiest thing someone could say on Earth? The greatest thing you can say, on Earth, is that the offspring of woman has crushed the serpent's head. The greatest thing you could say is that the cause of all problems is Satan. Many could say that this or that could be the cause, but they are foolish. Why are they foolish? It is because they do not know the accurate gospel. Even the church did not know what to do with the woman that was demon-possessed. It is in God's time schedule of her healing, but it is the gospel that should have been testified to her. But yet, God has given you the answer. There is no reason for you to be in fear even if there are numerous pastors that go against. Even if there are twenty pastors who have multiple PhDs, there is nothing to fear because you have the answer. Many at times go to the streets and evangelism and that is evangelism. However, as a pastor, you must come to the answer as you come to the answer of being a spiritual watchman of that region. To the extent to which they can lead disciples and have people attend the church. We desire to partake in this movement. What is the content of the Guatemala conference that we will share? It is "What is the Gospel?" Many can say that they know the gospel, but they don't truly know of it. The next thing is for them to enjoy the gospel. Without the enjoyment, they cannot take the next step. They may know with their brain, but it does not become their own. This cannot transform to become your spiritual strength because it is not their own. Many fervently pray, but they do not receive answers

because they lack to enjoy the gospel. They have no clue as to how or what to do. With this, it will take many years, but you must restore this within all meetings. Believers, may you see your current state now. Ask yourself if you are truly Only Christ. Ask if you have truly received Christ in your heart." Ask yourself if you are trying inside of Christ, struggling inside of Christ, or trying to struggle inside of Christ. This will be the result of all things. The Lord God says, "Never forget the Passover, for the blood is the answer to all."

## 1. The Passover

Today's scripture speaks of the Passover. Of all 3 Feasts, this is the most important and fundamental feast. It states to "Observe the month of Abib" and Abib means that it is the first day of the sun. Then the Lord says that you must keep the Passover to the Lord. You must keep it because you must be reminded that it is God who brought you out of Egypt. The Bible sees this as the most important. This is because they put the blood on the door post and were able to come out of Egypt. It is because the blood is life to them and is the answer. It is the blood that solves all problems and destroys the work of Satan. That is why it was important for them to be reminded of how they were able to come out of Egypt on that night. Therefore it says that they must never forget this and observe this. It states that they should not give the offering just anywhere, but should give the sacrifice to the place that the Lord shall choose. That is the temple. Verse 5 states, "You may not offer the Passover sacrifice within any of your towns that the Lord your God is giving you." That is why the Lord says that if the temple is in Jerusalem, they must go all the way to Jerusalem instead of giving the sacrifice in their own town. Verse 6 states, "but at the place that the Lord your God will choose, to make his name dwell in it, there you shall offer the Passover sacrifice, in the evening at sunset, at the time you came out of Egypt." He allowed this to take place to the extent that they may be reminded of Exodus. For them to be reminded of the blood and the time they came out of Egypt. Verse 3 states, "You shall eat no leavened bread with it. Seven days you shall eat it with unleavened bread, the bread of affliction." They must be reminded of the bread of affliction in the time of when they were in Egypt, the wilderness and most of all, the bread of affliction of Jesus Christ. In verse 3, it says, "... that all of your days of of your life you may remember the day when you came out of the land of Egypt." That is why in verse 4, the Lord said, "No leaven shall be seen with you in all your territory for seven days, nor shall any of the flesh that you sacrifice on the evening of the first day remain all night until morning." The Lord said that you must be able to burn it in the fire, signifying Jesus Christ. That is why it is not your average food that you simply eat the next morning. It is the spiritual food which you must be able to eat on that night. Also, Jesus said that even the wine itself is His blood. At the time, it was merely wine. But it was wine that had spiritual meaning behind it.

It is likewise for the flesh that was given on the Passover sacrifice. This is what it means to observe the Passover. The Passover is very important. It is the day in which you are liberated from all curses. It is a time in which they were liberated from slavery and all of their fate and destiny were overturned. That covenant is the blood of the lamb. When they placed the blood on their doorposts, there were great works that arose. And never before or after has this taken place. Even at this time, this work will not be repeated. Yet, the blood of the covenant is still valid. The reason is that the Lord completed the cross and is alive and with us now. That is why the precious blood is effective and valid. It is not only to the extent that it is valid. If you do not place this blood on yourself, you will perish. How? You will be seized by Satan. The intellectuals will be seized as intellectuals. Fools will be seized as fools. The conclusion is that you will perish without this blood. Then, what do we do? You must be able to apply the precious blood on yourself and your life every day. Then, your fate and destiny will continuously be overturned. If the church continues to apply the blood, everything will be overturned. Is there any other church that is partaking in what I've explained to you in the introduction? What kind of church would be able to testify of the Gospel, partake in evangelism, and save many people? If this takes place in our church, I believe it will be because of our confession of the covenant of the blood. All fate and destiny will continuously be overturned to which our church will be like that. May you not simply pray to God to liberate you from all sins and curses, but may you truly hold on to the covenantal blood to which you are liberated from all. If not, may you be able to write down the covenantal prayer as you confess the covenant. Because this is the only answer. Of course, if you say that you do not want to write down the covenantal prayer because you don't want to confess the covenant, that's on you. Rightfully, if you do decide to do it, Satan will be bound. This will take place soon after, and it will always continuously take place. The same work will be upon you continuously from that night. After fifteen to twenty years, you will be able to see that your life has taken place just like that night. May you all live this life. Even if today may be difficult, may you hold onto the answer for tomorrow. In ten years, you must have true conquest. It is the answer for that to take place, and people of the world may look down on it. There's only one way, and that is why it is so simple for you. What you must always focus on is continuation. If you stop along the way because it isn't taking place, you will not be able to come to the answer. So you must start it and never cease to confess the precious blood of Jesus Christ. This is what you must do. Then, just like that night, Satan will continuously be bound. He will continuously be destroyed in your life. You don't have to do much. You just need to confess, "Jesus, you are my Christ." Even if you don't have faith in that, may you force yourself to confess that it is the offspring of the woman that crushed the serpent's head. Then, one day, God will be at work, and you will have full faith in this. You can testify to those who are conflicted and afflicted in their

lives. You're able to say, "Of course, I faced many difficulties, but I continued on and was able to stand as a witness." This Passover existed in the past as well. It all began in Genesis 3:21. From Adam and Eve and Noah and including all of the genealogy recorded in Genesis 5, they all held onto this precious blood. This continued on to which Abraham was able to give the altar to the Lord, which now has become the Passover. What they continued on was the blood of that night. The leather garment signifies the blood that is the answer to all problems of sins and curses and side effects that come because of original sin. It is God's power of the blood that destroys Satan who is the culprit to original sin. May you never look down on this. May you never take this lightly. If you do so, you are the greatest fool on earth. This is the answer. This is the complete spiritual weapon against Satan. May you not be discouraged because answers aren't coming quickly. Especially for those that are wandering, may you not be inside of this yet not inside the blood, may you come inside of this for your sake. And on that night when they placed the blood, they were set free from slavery. God was able to testify that it is the blood that is the answer to all. In all the houses that did not put the blood on the doorpost, all of the firstborn sons, including the livestock, were all put to death. When the Lord put all of the firstborn sons to death, He was showing that they all belong to Him. Pharaoh's firstborn son was put to death without exception. Then, what is God's message behind this? It is that the blood is the answer. Then, why did your family live? You also have a firstborn son. Your firstborn male livestock are also still alive. It is because the blood is the answer. This is the authority of the blood of the covenant. This is the authority of the precious blood of Jesus Christ on the cross. And this is God's authority. With this blood, no one can block the work nor will it ever fail. Rightfully, it will succeed. The only condition is that you continue it. The Lord God said, "Whoever holds onto this blood, they will rightfully be set free from all that they are enslaved to. On Earth, if there is anyone that is able to say that there is an unailing method, are they able to testify it? If you ask someone if they have the absolute method where you will never fail in life will they be able to give you an answer? If you are able to hold onto the blood of Jesus Christ who is the answer to all, you are able to testify to them. I do not know you, but I can give you the answer to your life. In Deuteronomy 15:4-5, "But there will be no poor among you; for the Lord will bless you in the land if only you will strictly obey the voice of the Lord your God, being careful to do all this commandment that I command you today." There are many of God's commandments in the Bible. It is nearly impossible to keep all of the Lord's commandments. There is a summary for all the commandments. The commandment is for you to keep the promising blood. It is for you to not fall into idol worship and hold onto the answer of the blood. That is the core and the fundamental. You must be strengthened by the blood alone to which you will be able to keep all of his commandments. This is a spiritual request. Without spiritual strength, you will never be

able to keep it. Where can you get spiritual strength? Only when you enjoy the promising blood will you receive spiritual strength. That is why it is the promising blood that is keeping all of God's commandments. If you are able to do this, the Lord will bless you. The Lord God said that there will be no poor among you, you will all be prosperous. The blessing of the throne that transcends time and space is contained within the blood of Jesus Christ. The light to save the 237 nations is contained in the blood of Jesus Christ. With the covenant of the blood of Jesus Christ, you must enjoy the blessing of the throne. Those who have the covenantal blood are able to transcend time and space. Without the blood you cannot go and testify of the light that will save the 237 nations. May you hold onto the covenantal blood of Jesus Christ, the precious blood once again.

## 2. Enjoyment

The passover is the covenant and the promise. The Lord God promised that you will be saved from all slavery when you are able to place the blood on the doorpost. It is so simple, just simply place the blood on the doorpost. Not only will you be set free from all curses, you will be able to conquer it. It is God's promise that when you hold onto the blood, he will defeat the works of Satan. The Lord God said to place the blood upon yourself and end everything in your life with this blood alone. Then, the next blessing will be upon you. The next blessing that came upon them was the Pentecost, the feast of weeks. It is the 50th day after the Passover. The next chapter speaks about it even more. The 50th day has such significance. If you calculate the Sabbath day, it is only 49 days, but what is the day after the Sabbath? That is the day of resurrection of Jesus Christ. From the day of the resurrection, it was the Israelites that observed the day of which he has come. Following after this principle, it is recorded in Acts chapter 2 of the day which the holy spirit was at work. It is the holy spirit that came upon those who held onto the covenant of the Passover. For those who held onto the covenant of the Passover had the right to enjoy the working of the holy spirit. If there is no covenant, why would the holy spirit be upon them? The holy spirit only comes upon you to fulfill the covenant within you. For those who held onto the covenant of the Passover and enjoyed the blood had the right to have the holy spirit work upon them. This amazing work has taken place and is recorded in Acts chapter 2 and it is the same even now. You must hold onto Christ as the covenant and receive his blood as the covenant. You must be able to truly receive this as a covenant that will overturn all the fate and destiny in your life, including the works of Satan. The holy spirit will be upon you, to which he will fulfill the promise. You will absolutely be blessed as you are keeping this covenant. The Lord God said that there will be no poor among you. Do you believe this is possible? Do you believe it is possible for all the population in America to hold onto the covenant? That is completely possible. God has created this entire world with his word

alone. It is a promise that your life will be completely overturned. Next it is the feast of booths and the feast of ingathering. It is the completion of salvation to which you are able to gather the crops. It also speaks about the fact that heaven is your background. The reason why you are able to enjoy the authority of the throne is because you have the feast of ingathering upon you. Rightfully so, you must be able to enjoy the feast of ingathering but yet, it can only be done when you hold onto the covenant of the Passover. May you hold onto it as your covenant and confess and deeply enjoy it in prayer. The Bible repeats that this is the solution to all problems. Unseen to the eyes, this is the answer to all problems. This is the point of the Bible. That is why the Lord God says that you must be able to focus on the spiritual aspects, then you will be able to receive his blessings. That is God's promise. This is the reason why you must give worship and continuously worship. You must be able to experience this, then you are able to see that it has all been overturned in your life. It is not a new answer that God has given to you, but yet, with the answer that God has already given to you, your fate and destiny will be continuously overturned. That is when you will be able to receive answers and experience that this covenant is living and active. Then you will stand as a witness. It is not a witness that only testifies that Jesus is the Christ, you will stand as a living witness and evidence that will continuously give the answer of Jesus Christ to others. How will you experience this? It is stated many times in the message, the sermon, as well as the Bible. It is to keep and observe the Passover. In other words, it is to keep and observe the word of God. That time will come when everything will take place. Isn't it amazing? It is truly amazing, even if you did not pray, God will answer you. Your life will be in the direction that is what has been stated in the Bible. That will take place for you. I do suggest that you write out the important messages such as Genesis 3:15 or the many important messages recorded in Matthew 16. I do suggest that it would be a great idea to write down any Bible scriptures that correlate to the gospel and deeply confess Christ in your heart. It is very important to hold onto important messages as you confess Christ. Regardless of it all, if you know of it, may you enjoy it. Then you will be able to go in the depths of it. If not, it will not be yours. If you continue, you will have conquest. You will advance. Your life will go into the depths of Christ. You will have conquest and growth. All of your fate and destiny of your life will be continuously overturned. The answer is so simple. Simply write down all the words that correlate with the covenant of the blood, the promising blood. To be honest, it is not easy to deeply confess in your heart, however, you can at least force yourself to write it. If you continue, that will be your confession. We are the church with this amazing God-given blessing to save America, Latin America, and all the nations. May we be in the stream as we go hand in hand inside of prayer. I do believe that God will bless us.
