Dothan Movement

2 Kings 6:20-23

Elisha is a prophet whose entire life can be expressed with the words “a double portion of spirit.” If a prophet who stakes his life on the word of God has the prayer for a double portion of His spirit, then in fact, everything is already finished. He was someone who lived a transcendent life in which there was no one who could defeat him and it did not matter what happened. If you have the power of this prayer, you win in advance and win without fighting. Even the sun, moon, and stars kneel down.

    2) A low whisper – What is needed is the Word.

    4) Time to hold onto the right covenant.

2. **Double portion of spirit** – 2 Kings 2:1-18
    1) Gilgal Jericho Bethel Jordan.
    2) Go in search of the mission to the very end.

3. **Aram** – 2 Kings 6:8-23
    1) In ordinary times – Bartizan Journey Guidepost.
    2) Even when Aram came, enjoyed and maintained spiritual strength.
    3) Victory – through the Dothan Movement.
    4) The power of this prayer – this authority is needed.

4. Conclusion

1) Just as how we must know the Gospel first before praying, true prayer is the covenant entering first.
2) We conquer absolute impossibility with God’s absolute plan. While praying, we find absolute possibility.
3) There is an exact plan of God for me and the church. We must ask, seek, and follow according to the Word.
